

Dives Soft

SOFAS

2021

Antonio Citterio

Description

Dives Soft is a family of linear and modular sofas available in various sizes and in two seat depths. The version with a narrower seat depth is distinguished by its armrests and backrest, which feature two different upholstery styles: smooth on the exterior and quilted in classic Chesterfield style on the interior. A sophisticated and refined detail to be enjoyed. In the version with a wider seat, the upholstery is entirely smooth, with soft down feather cushions making for an even more welcoming and relaxed looking sofa. Both versions share the same, soft and generous padding, for optimal comfort. The upholstery comes in a wide range of fabrics and leathers with special couture details: decorative, matching or contrasting blanket stitching for the fabric versions, and elegant “envelope stitching” for the leather ones. The feet are either covered in fabric or leather or available in a shellac finish.

Technical information

Back and armrest internal frame
tubular steel and steel profiles
Back and armrest internal frame upholstery
Bayfit® flexible cold shaped polyurethane foam, polyester fibre, polyester fibre cover
Seat internal frame
tubular steel and steel profiles, multi-layered wood panel, shaped polyurethane
