

## Arbiter

SOFAS

2023

Antonio Citterio

## Description

---

Arbiter is a modular seating system with extra-large measurements and oversized cushions, ideal for large spaces, that completes the brand's range of sofas. The abundance of material is counterbalanced by the stylistic essentiality of the precise, almost archetypal lines, designed to lighten its impact in the home environment. The production technique is one typical of Maxalto: a steel frame and cold-foamed polyurethane structure. It comes in two depths (105 and 115 cm) in various configurations with or without a chaise-longue. There is also a version with Citterio's beloved discontinuous backrest, which is designed to create seating that looks in the opposite direction, for example facing the bookcase behind the sofa. The range of materials introduces options with refined, distinctly woolly, and richly textured fabrics. The cushions present a surprising solution: in each pair, the small one sits behind the larger one, which thus becomes a kind of additional backrest that wraps around the sitter's shoulders.

## Technical information

---

Internal frame

tubular steel and steel profiles

Internal frame upholstery

Bayfit® flexible cold shaped polyurethane foam, shaped polyurethane, polyester fibre cover

Seat cushion upholstery

shaped polyurethane, sterilized down, cotton cover

Back cushion upholstery

sterilized down, cotton cover

Lower edge

die-cast aluminium and extrusions

Ferrules

thermoplastic material

Cover

fabric or leather
