

Otium Soft

SOFAS

2020

Antonio Citterio

Description

Otium Soft is a seating system that stands out for its contemporary classic style, generous proportions and great comfort. Available in various sizes and depths, it offers multiple linear and angular compositions, also with terminal elements with ottomans. Highly distinctive details are the tapered armrests, the faux leather trimmings that outline and enrich the fabric versions and the refined “profile” stitching for those in leather. There are two types of back cushions to choose from for a more formal or softer and more informal seat. The base is defined by a metal profile.

Technical information

Internal frame

tubular steel and steel profiles

Internal frame upholstery

Bayfit® flexible cold shaped polyurethane foam, shaped polyurethane, polyester fibre cover

Seat cushion upholstery

shaped polyurethane, sterilized down, polyester fibre cover

Back cushion (NU60C-NU90C)
